

Job Title: Packaging Worker

Are you passionate about food preparation and using fresh ingredients? Are you a dependable team player? This is a tremendous opportunity to further your career with a group of enthusiastic individuals who love making delicious food.

Trazza is a local manufacturer of fresh and authentic, preservative free, Lebanese food. We currently serve 100 stores and businesses in the Portland/Vancouver metropolitan area. We are moving to a brand new, state of the art, manufacturing facility in Tualatin, and we are looking for talented and enthusiastic individuals to grow with us!

Summary: The Food Prep and Packaging Team is responsible for preparing and processing all perishable products into wholesale and retail packages, as well as filling customer orders, in a sanitary and temperature-controlled environment that protects product integrity and shelf life.

Duties & Requirements For Team Members:

- A current Food Handlers Card for the state of Oregon
- Practice attentive and consistent sanitary food handling techniques.
- Operate equipment using care, responsibility, and proper safety precautions.
- Work in a cold temperature room of 40-45 degrees F while wearing recommended PPE (Personal Protective Equipment)
- Stand at their workstation and perform filling techniques that involve thumb, wrist, elbow and shoulder repetitive motions.
- Operate automated packaging equipment as trained.
- Carry up to 50 lbs. and lift it to tabletop height.
- Understand English written and verbal instructions and be able to communicate verbally and record numbers.
- Use scales in both metric and American Standard weight units including decimals.
- Be able to maintain a clean work area.
- Develop accuracy and speed in filling packages.
- Be prepared to learn and perform different prep and packaging steps as needed.
- Understand 4-digit date formats and be able to read a simple spreadsheet.
- Be able to use, read and record readings on an infrared digital thermometer.
- Perform end of shift clean up and sanitization protocols for equipment, workstation, and general production facility.
- Employ proper rotation practices of inventory as needed.
- Wash all produce following sanitization protocols for equipment, workstation, and general production facility
